

## Use this template for the large blade

Templates for a standard Woodcut Tools bowlsaver

Glue to 3mm (1/8") board and cut to shape

Base of the outside of the bowl blank.  
This allows for a 25mm thick bowl  
bottom after bowl saving.

Centre of the Pivot Bolt

Centre of the Pivot Bolt

Base of the outside of the bowl blank.  
This allows for a 20mm thick bowl  
bottom after bowl saving.

Use this template for the small blade
